Staging 101

- Simple dual height adjustable, modular design based on the concept of the "folding leg tables".
- Platforms come in 4' x 4' and 4' x 8' (1m x 1m and 1m x 2m) sizes and are available in fixed or adjustable heights; 8", 16" or 24" and 24" or 32" (20cm, 40cm to 60cm and 60cm to 80cm).
- Available with or without 2 wheels on one side for easy maneuverability.
- Available in black industrial finish and gray carpet finish.
- Available in 4' x 8' mobile, folding version with wheels.
- Fast easy set-up by 1 or 2 people (depending on options chosen).
- Perfect for schools, churches, hotels, exhibition halls and many other applications.
- For use mostly indoors and should be installed on a flat surface.
- Steps, ramps, guardrails, backdrops and transportation trolleys are available.
- Seated risers configurations available.

Weight rated at: 750 KG / SQ M (153 LBS /SQ FT).

Quality is What Sets Staging 101 Apart from “The Other Guys”!

No-trip, Seamless Surface Design

Our platform surface has a seamless, smooth, no-trip design with dancers and performers in mind. There is a metal perimeter that can lead to tripping during performances.

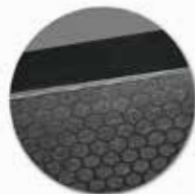

Removable Connection Hardware

Our platform 2 platform connection hardware is removable and creates a uniform exterior perimeter if removed. Our competitor's connection hardware is fixed, cannot be removed and can cause damage or injury during transportation.

Continuous Tubular Frame Construction

Our panels feature a strong continuous tubular frame construction that produces a seamless support structure. Our competitor's panels use a weaker C-channel stamped frame that includes multiple breaks and seams that can weaken the support structure.

Easy to Handle Frames

Our frame is sturdier and more comfortable to pick up & install. Our panels provide 1.5 inches of hand support while our competitors only offer .5 inches.

Ramps, Backdrops, Guardrails, Skirts & Accessories are all available!

Transportation cart

Transportation trolley

Stage back drops and back drop curtains

Adjustable and fixed stairs

Descending & ascending chair stops

Equipment and wheel chair ramps are available in several configurations
